

Nasúla Wóslolye - Kimímela

Hi! I'm Brain the Robot! – **Háu! Mas'wíchaša hemácha na Nasúla emáčiyape ló.**
And I have some quick facts about the butterflies. – **Na kimímela ečhíyatanhaŋ takúku očíčiyakapi wačhíŋ.**

Butterflies are insects and come in many colors. – **Kimímela kiŋháŋ wablúška héčhapi na wígmunke s'e oówa ótapi.**

Butterflies taste food through their feet. – **Sí uŋ wóyute yul-íyuthápi okíhipi.**

Nectar is the most common food for butterflies. – **Eyášna wanáhča haŋpí yatkáŋpi.**

Caterpillars become butterflies. – **Kimímela kiŋ iyúha waglúla héčhapi tkhá.**

First they start as eggs, then they are born as caterpillars. – **Waglúla kiŋ lená wítka etáŋhaŋ ikpákpipi na ečhél wičhátŋuŋpi.**

Caterpillars then nestle in cocoons and later emerge as butterflies! – **Ičháŋapi yuŋkšáŋ wamníyomni aígluwipi na owátohaŋ yuŋkšáŋ kimímela kaŋyá glináphapi!**

What a beautiful insect! – **Kimímela kiŋ iháŋkeya wablúška ówanyaŋg wašté héčhapi!**

Maybe there's one in your backyard! – **Yathí kiŋ ilázata húŋh óuŋyaŋpi séče.**

Go out and check then come back later for more Brain Facts with me, Brain the Robot!

– **Wóle yápi na heháŋl kúpi na akhé Nasúla Wóslolye eyápi húŋh yunáyečhičhiyapi kte ló.**
