

## Nasúla Wóslolye - Nasúla

Hi! I'm Brain the Robot! – **Háu! Mas'wíchaša hemácha na Nasúla emáčiya pe ló.**  
And I have some quick facts about the brain. – **Na takúku nasúla kiŋ ečhíyatanhan očíčiyakapi wačhíŋ yeló.**

No, not me! – **Hóh, miyé mič'íche šni!**  
The Human Brain! – **Wičhánasula kiŋ hé!**

The human brain is like a powerful computer. – **Wičhánasula kiŋhán wóuŋspe omnáye waš'áka iyéčheča.**

It is the center of our nervous system and controls our movements. – **Uŋ waáuŋblezapi na šna uŋškánškanpi.**

That is where our thoughts and decisions are made. – **Na uŋ wíuŋyukčanpi naiŋš waáwaŋčhiŋpi naiŋš waúŋgluštaŋpi.**

It's also where our memories are stored. – **Na nakúŋ uŋ waúŋkiksuyapi.**

And it is so complex that not even scientists understand everything about the brain. – **Nakúŋ líla oókañníš šíče, čha wapásike kiŋ épi kayéš ožúla okáñniŋapi šni.**

Isn't that interesting! – **Hé khilí, iŋchéye?**

Think about that for a minute, with your brain! – **Hé iyúkčanpi yethó, nasúla kič'úŋyaŋ!**

Come back later for more Brain Facts with me, Brain the Robot! – **Na ečháš kúpi nahán akhé Nasúla Wóslolye eyápi waŋží yunáyečhičhíyapi kte! Nasúla miyé yeló.**
